COI Assistant – Analyst Assignments

As a COI Review Board Coordinator, you will be assigned Conflict Matches to oversee and process. When you are assigned to oversee and process a Conflict Match, your role on that Conflict Match is the Assigned Analyst. The assignment is assigned to you during pre-review on the Review Assignment tab of the Conflict Match Processing screens. At this point, iRIS will populate your home screen with a Conflict of Interest Analyst Assignment task. As an Assigned Analyst, you will be able to review the Conflict Match and process it by putting it on a Full Board review or Expedited review. Once the review is complete, you can then finalize the conflict match by generating a Management Plan or by simply approving it.

Analyst Assignments

Analyst Assignments are made within the Conflict Match Processing screens. The only users in iRIS who can be assigned an analyst role on a Conflict Match are the COI Board Coordinators.

When an assignment is given to a coordinator, a task will populate on that coordinator’s iRIS home page, under the Conflict of Interest Analyst Assignment tasks group.

The screenshot shows the 'All Tasks' interface with tabs for 'All Tasks', 'Outstanding', and 'Completed'. A 'Task List' dropdown is set to 'All'. Below the tabs, it indicates '2 result(s) found...' and '1 - 2' items. The main table has the following data:

	Click to open	Task Type	Received	Description
<input type="checkbox"/>		Conflict of Interest Analyst Assignment	08/23/2019 02:02 PM PDT	COI Coordinator has been assigned as the analyst on the Conflict of Interest Match.
<input type="checkbox"/>		Conflict of Interest Analyst Assignment	08/23/2019 10:14 AM PDT	COI Coordinator has been assigned as the analyst on the Conflict of Interest Match.

At the bottom of the table area, it again shows '2 result(s) found...' and '1 - 2' items.

The group can be expanded by clicking on the pen and paper icon, under the tab “Click to open”. When expanded, information about the Conflict Match will display. At this point, click on the **Open** icon to open the Conflict Match Processing screens.

Processing Conflict Matches

Once in the Conflict Match Processing screens, you can assign a Review Process to the Conflict Match.

Determine Review Process

Assign the Conflict Match to a Review Process by making one of the following selections.

Not Assigned - The Conflict Match will default to this status when it is first submitted to the Conflict Match queue. This indicates that a Review Process has not yet been assigned and causes the conflict to populate in the Not Assigned tab of the Conflict Matches queue screen.

Full Committee Review – This option allows you to assign the match to a meeting. After this option is selected, the committee and meeting selections will be displayed (see screenshot image below).

Determine Review Process 1

Not Assigned

Full Committee Review

Expedite

Process Administratively

Committee Name: --none-- ▼

Upcoming Meeting Date: --none-- ▼ or  [click here to select past meetings](#)

Agenda Category: Conflict's assigned to Meeting ▼

Expedite – If this option is selected, upon saving the selection, the screen will refresh with the option to select a reviewer(s).

Process Administratively – This process is a useful action for matches that need to be processed by administration, rather than by a reviewer; although, selecting this review process will also allow you to select reviewers for the match, if applicable.

Once you have finished selecting a Review Process, click the **Save the Review Assignment** button.

Reviewer Assignments

The Assign Reviewers table will populate once you make a Review Process selection and click **Save the Review Assignment**.

Assign Reviewers Add Reviewer

Reviewer Role	Reviewer	Completed ?	Date Notified	Date Completed
✖	Known System Identified User: Reviewer, Luke, Ph.D ▼ OR First Name: <input type="text"/> Last Name: <input type="text"/>	No		
	COICC Legal Contract Reviewer ▼			

You may add as many reviewers as needed by clicking on the **Add Reviewer** button. At this point, you can then select Reviewer Role(s) and Reviewer(s) from the supplied dropdown lists. Click Save the Review Assignment to save the list of reviewers and send them notifications, as described below.

Once the reviewer(s) are selected, they will receive a notification, advising them that a Conflict Match is waiting for their review. However, if the Review Process is assigned to a Review Committee Agenda, the reviewer will not receive a notification until after the meeting manager enables the reviewer notifications for that particular meeting date.

Reviewers Complete Task

After assigning reviewers to the Conflict Match, you may exit the Conflict Match or continue processing additional conflict matches. iRIS will send you an email and add a corresponding home page task, when all reviewers assigned to a conflict match have indicated their review is complete.

The task will populate under the homepage’s Conflict of Interest tasks section, in the Submission Reviewers Complete group.

1.0 Financial Disclosure
 2.0 **Determination and Recommendation**

2.0 Determination and Recommendation

2.1 Review of Financial Disclosure/COI Match
 Please consider whether you would deem the disclosure/match to be a Financial Conflict of Interest (FCOI). FCOI is defined as a Significant Financial Interest (already determined based on information being disclosed) that the Institution reasonably determines could directly and significantly affect the design, conduct or reporting of externally-sponsored research, OR the performance of duties and responsibilities on behalf of the COI Board.

- Financial Conflict of Interest (Significant Financial Interest that the Institution reasonably determines could directly and significantly affect the design, conduct or reporting of externally-sponsored research, or the performance of duties and responsibilities on behalf of the COI Board.)
- Significant Financial Interest - not meeting criteria above for an FCOI
- Disclosure Only - for example, disclosure of a familial relationship with another employee at this institution.

2.2 Reviewer Determination

Is a management plan appropriate based on the determination of the disclosure being a Financial Conflict of Interest?

Once the Reviewer has completed the task, you will be able to see it from the Reviewer Checklist listed in the Reviewer Check List table.

Reviewer Check List [i](#)

 Please consider whether you would deem the disclosure/match to be a Financial Conflict of Interest (FCOI). FCOI is defined as a Significant Financial Interest (already determined based on information being disclosed) that the Institution reasonably determines could directly and significantly affect the design, conduct or reporting of externally-sponsored research, OR the performance of duties and responsibilities on behalf of the COI Board.

- Financial Conflict of Interest (Significant Financial Interest that the Institution reasonably determines could directly and significantly affect the design, conduct or reporting of externally-sponsored research, or the performance of duties and responsibilities on behalf of the COI Board.)
- Significant Financial Interest - not meeting criteria above for an FCOI
- Disclosure Only - for example, disclosure of a familial relationship with another employee at this institution.

2.2 Reviewer Determination

Is a management plan appropriate based on the determination of the disclosure being a Financial Conflict of Interest?

Yes No

The checklist will display as it was completed by the reviewer. When you are finished reviewing the checklist, click the **Back** button.

At this point, the review is complete for this Conflict Match. If the Conflict Match has been assigned to a full board meeting, you would wait until after the meeting to continue processing the match. If the Conflict Match has been assigned the Expedited review process, you could continue to process the Conflict Match based on the outcome of the review.

Setting the Outcome

When you are ready to set the Outcome information based on the review or the full board meeting, you can open the Conflict Match either from your homepage’s Analyst Assignment task list or by locating the Conflict Match in either the Conflict Matches queue or the Meeting Agenda page.

When you open the Conflict Match Processing screens, navigate to the Outcome tab.

The screenshot shows the 'Match Review for Covered Person Administrator' interface. At the top, there is a navigation bar with 'My Workspaces', 'Conflict of Interest', and a 'Back' button. Below this, there are buttons for 'Merge Comments into Management Strategies', 'Merge Comments into Review Discussion', and 'Save the Submission Outcome'. The main content area is divided into two sections: 'Outcome' and 'Reviewer Checklist Summary'. The 'Outcome' section shows a dropdown menu set to 'Approved with Conditions'. The 'Reviewer Checklist Summary' section contains a 'Financial Disclosure' table with columns for 'Submission Components' and 'COI Reviewer'. Below this is a 'Determination and Recommendation' section with a heading 'Review of Financial Disclosure/COI Match' and a detailed instruction: 'Please consider whether you would deem the disclosure/match to be a Financial Conflict of Interest (FCOI). FCOI is defined as a Significant Financial Interest (already determined based on information being disclosed) that the Institution reasonably determines could directly and significantly affect the design, conduct or reporting of externally-sponsored research, OR the performance of duties and responsibilities on behalf of the COI Board.' There are three radio button options: 'Financial Conflict of Interest (Significant Financial Interest that the Institution reasonably determines could directly and significantly affect the design, conduct or reporting of externally-sponsored research, or the performance of duties and responsibilities on behalf of the COI Board.)', 'Significant Financial Interest - not meeting criteria above for an FCOI', and 'Disclosure Only - for example, disclosure of a familial relationship with another employee at this institution.' The 'Disclosure Only' option is selected. Below the options is a text field with the prompt 'Please explain why the disclosure does not meet the criteria above for a FCOI.' and a 'Reviewer Determination' section.

The Outcome tab will allow you to specify the outcome for the Conflict Match. You will also be able to select items in the Reviewer Checklist and merge them into the Review Discussion, which can in turn be merged to Response Letters, Management Plans, and/or Meeting Minutes.

To merge an item, select the first check box next to the question in the checklist, right under the  icon. Then, click the **Merge Comments into Review Discussion** button. This will cause the comment to populate in the Review Discussion tab.

The screenshot shows the 'Match Review for Covered Person Administrator' interface with the 'Review Discussion' tab selected. The navigation bar at the top is the same as in the previous screenshot. Below it, there is an 'Edit Submission Discussion' button. The main content area shows the 'Review Discussion' section with the heading 'Review of Financial Disclosure/COI Match' and the same instruction as in the previous screenshot: 'Please consider whether you would deem the disclosure/match to be a Financial Conflict of Interest (FCOI). FCOI is defined as a Significant Financial Interest (already determined based on information being disclosed) that the Institution reasonably determines could directly and significantly affect the design, conduct or reporting of externally-sponsored research, OR the performance of duties and responsibilities on behalf of the COI Board.' Below the instruction, the text 'Disclosure Only' is visible.

Management Plans

If you need to send a Management plan to the Covered Person, based on the review, return to the Outcome tab.

• Involvement of external individuals in key portions of the protocol

Reviewer Recommendations

COI Reviewer

Please select all strategies you recommend to be considered to manage the FCOI that has been disclosed by the individual.

- The individual shall not be involved in the recruitment of subjects, nor shall s/he obtain subjects' informed consent at any time.
- The individual should not engage in the recording of research data.
- The individual shall not be involved in clinical assessments related to determining study eligibility criteria.
- The individual shall not be involved in clinical assessments related to the outcomes of the research interventions.
- The individual shall not participate in the data and safety monitoring activities.
- The individual shall not solely be involved in the interpretation of study results, although s/he may be involved as part of a committee that evaluates study results. Final decisions about the appropriate interpretation and presentation of research results shall be the responsibility of the PI (unless the PI has the SFI, in which case the decisions shall be the responsibility of a committee that evaluates study results).
- The existence of the individual's Significant Financial Interest must be disclosed in the informed consent form.
- All individuals (such as staff or other faculty members) involved in the research under this protocol shall be made aware of the existence of the Individual's Significant Financial Interest .
- The individual shall disclose the existence of his/her Significant Financial Interest in any abstracts, presentations, press releases, or publications and in any proposals or applications for research funding related to the nature of that interest.

Click the third checkbox, right under the  icon, next to the comment you would like to merge, and then click the **Merge Comments into Management Strategies** button at the top of the page.

		1	Strategy must be addressed		N/A	The individual shall not be involved in the recruitment of subjects, nor shall s/he obtain subjects' informed consent at any time.
		2	Strategy must be addressed		N/A	The individual shall not be involved in the recruitment of subjects, nor shall s/he obtain subjects' informed consent at any time.

This will cause the Management Strategies tab to populate with records based on the items you merged. When you are finished setting the Review Outcome and merging items, be sure to save the Outcome page.

Management Strategies

After you set the Outcome indicating a Management Plan is required, you can create the Management Strategies for the Management Plan.

There are four ways to populate the page with management strategies:

1. The strategy can be merged from the Outcome tab. As an example, the screenshot above shows a strategy that was created using the merge tool on the Outcome tab.
2. Add Multiple Strategies – Click this button to add multiple strategies at once. This tool is generally used when a list of strategies is already available in a Word document. You can copy and paste the strategies into the rich text editor provided by iRIS, add the Management Strategy Type, and then save the page to add all strategies at once.

Strategy Information: *Strategy Type: Comments that must be addressed ▼ *Follow-Up Due: 08/26/2019 *Strategy Category: Reconciliation - Stocks & Bonds ▼	* Strategy Content <div style="border: 1px solid #ccc; padding: 5px;"> <p>You own too many stocks and bonds that pull too much weight in the company. Please reconcile these issues before proceeding.</p> </div>
---	--

There are three strategy types:

Strategy must be addressed – The generally-used type for most strategies. This strategy type assigns the strategy to the Covered Person, who will be required to respond to the COI office with an acknowledgement.

Comments that must be addressed – When you select this type from the dropdown list, the page will refresh, allowing you to specify a separate follow-up due date that the Covered Person must respond by. This is different than the main management plan follow-up due date (assigned when you send the management plan to the Covered Person, a process which is covered later in this document).

Comments – Use this type when you want to simply leave recommendations to the Covered Person. The comments will be included in the management plan and will still require an acknowledgement back from the Covered Person.

4. Add Pre-defined Strategies – If you have a list of commonly used strategies, you can define a list under Review Board Administration > List Maintenance Setup > Predefined Strategies.

Strategies are displayed in the order you include them, but these can be reordered. If you would like to reorder them, change the numbering in the **Sorting Number** column and then click the **Save Strategies** button.

Management Plan & Outcome Letter

The next step in preparing the Management Plan for the Covered Person is to generate a Management Plan Document and a Response Letter. Navigate to the **Management Plan & Outcome Letter** tab.

To create a management plan document, begin by selecting a template from the **Select a Plan Template** dropdown list within the Management Plan Document area. After the template is selected, click the **Create Management Plan** button.

After clicking the create button, a screen will be displayed with a rich text editor. The text editor will contain the modifiable version of your document. You can modify the document, if necessary. After making any changes, click the **Save Management Plan Changes** button.

Delete	Send	Edit/View	Title	Signature Required	Status	Route Signoff	Copy
			COI/C Notification Version 1	No	Waiting to be sent		

Response Letter ℹ

Select a Letter Template: --none-- ▼

Upon saving the document, you will be returned to the Management Plan & Outcome Letter screen. A new record will populate in the Management Plan Document table with the document you created. The document can now be sent from this screen or be bundled with the Management plan from the Outcome Sent tab.

Management Plan Document ℹ

Select a Plan Template: --none-- ▼ Create Management Plan

Delete	Send	Edit/View	Title	Signature Required	Status	Route Signoff	Copy
			COI/C Notification Version 1	No	Waiting to be sent		

You can also create a Response Letter to accompany the Management Plan Document, if needed. Follow the steps outlined above, but you can create the letter using the dropdown list in the **Response Letter** table.

Sending the Management Plan

Once you define the Management Strategies and create a Response Letter, the next step is to generate a response to the Covered Person. This is done from the Outcome Sent tab, shown in the screenshot image below.

Email Notification

Email notification template: -none-

From here you can provide a follow-up due date, indicate who is responsible for responding to the Management Plan, generate your response message, and finalize the Management Plan by sending it to the Covered Person. Begin by entering a Follow-up Due date, if applicable.

Under the Outcome table is the Review process summary table. If this is the first round for the conflict match, this table will not populate with any information. Later, if you determine it needs to be reviewed again after a response to the Management Strategies is received, this table will populate with information from the previous round.

Review process summary

Round Number	Review Process	Meeting Date	Date Received	Date Completed
1	Expedite		08/23/2019	08/23/2019

Personnel to Receive Notification

Response Required	Name
<input checked="" type="checkbox"/>	Administrator

The Personnel to Receive Notification table allows you to specify a user or users who will receive the management plan or outcome letter. The system will auto-populate the Covered Person and flag them as "Response Required" if the outcome is to send a Management Plan. If the outcome is Approved, the Covered Person will default as the primary recipient.

Find

A new page will open, allowing you to search the iRIS database for a user to add. Search and find the user, and then click the **Select User** icon.

Personnel to Receive Notification Add Personnel

	Response Required	Name
✕	<input checked="" type="radio"/>	Administrator
✕	<input type="radio"/>	Jane Coordinator

The user will be added to the table. You can select more than one user to receive the letter when you save the Outcome Sent tab, but you only indicate that a response is required from one user. This means that the system will create a task on the user’s homepage allowing them to respond to the management plan. Any other user listed here will receive a notification from the system, but not a task. You would typically indicate that the response is required of the Covered Person.

You can remove a user from the table by clicking the red X icon.

Management Plan Document Add Personnel

Attach to Response E-mail	Management Plan
<input checked="" type="checkbox"/>	COI/C Notification

Any Management Plan Documents created on the Management Plan and Outcome Letters tab will populate in the Management Plan Document area. You will need to click the checkbox next to the document to include it in the response.

Management Plan Document Add Personnel

Attach to Response E-mail	Management Plan
<input checked="" type="checkbox"/>	COI/C Notification

The Response Letter table will populate with any Outcome Letters you have generated. You will need to click the checkbox next to the letter to include it in the response.

If you have already sent the Management Plan or Outcome Letter from the Management Plan and Outcome Letter tab you will not be able to attach it to the response back to the Covered Person.

Email Notification ?

Email notification template: COICC Outcome Letter and Management Plan Notificatic ▼ Generate Response Message

The last table on the page is the Email Notification table. To generate a response to the Covered Person, you need to select a template from the **Email notification template** dropdown list and click the **Generate Response Message** button.

The templates in this dropdown list are configurable and are set up under Review Board Administration > Review Board Notification Setup > Response Notifications. You can have any number of templates available, but you can select and generate only one for each match.

Personnel to Receive Notification ?

Add Personnel

Response Required	Name
<input type="checkbox"/>	

Once you generate the Response Message, you will be able to save the response or complete it. To save your work, click the **Save the Response Message** button. Once you have selected all necessary information and included the letters in the response, you can complete the process by clicking the **Conflict processing complete** checkbox.

Note: Your message might look slightly different – it is contingent on the browser you are using.

Completing the processing will cause a message prompt. You will need to indicate **OK** to proceed with sending the response. Click **Cancel** to back out of sending the response.

Once you click **OK**, the system will bundle up any Management Strategies and the Outcome Letter and affix them to the email template you generated. This will send to anyone you selected in the **Personnel to Receive the Notification** table.

The conflict match will lock down to edits. If you indicated that a management plan is required in the Outcome tab, a new tab, Management Plan Response, will populate underneath the Outcome Sent tab (more is described below). If the conflict match is approved, the screens will still gray out and the review is complete in iRIS.

Note: In some cases you will be able to undo the completion of the conflict match: if the match is assigned to a Full Board Meeting and the Meeting Minutes for that meeting date have not been finalized or if the conflict match has been processed Expedited or Administratively Processed. Use of setting the match back to an editable state should only be used for certain cases, as when you complete the process, the letters and response message will bundle to the selected recipients again.

Response to the Management Plan

Once the Covered Person responds to the Management Plan, you will receive a notification and an iRIS home screen task allowing you to further process your submission.

The task will populate under the Conflict of Interest tasks, in the Conflict of Interest Analyst Assignment – Conflict Response Complete group.

	Click to open	Task Type	Received	Description
<input type="checkbox"/>		Conflict of Interest Analyst Assignment - Conflict Response Complete	08/23/2019 03:54 PM PDT	The Conflict Response has been completed.

The group can be expanded by clicking on the pen and paper icon. When expanded, information about the Conflict Match will display. You can click on the **Open** icon to open the Conflict Match Processing screens.

Management Response ?

1. The individual shall not be involved in the recruitment of subjects, nor shall s/he obtain subjects' informed consent at any time.
* Do you accept the Management Strategy? (provide explanation)
 Response: Yes Response Detail: _____
2. The individual shall not be involved in the recruitment of subjects, nor shall s/he obtain subjects' informed consent at any time.
* Do you accept the Management Strategy? (provide explanation)
 Response: Yes Response Detail: _____
3. Please sell all your stocks to non-related members.
* Do you accept the Management Strategy? (provide explanation)
 Response: Yes Response Detail: _____
4. Please also transfer all your bonds to non-related members.
* Do you accept the Management Strategy? (provide explanation)
 Response: Yes Response Detail: _____
5. You own too many stocks and bonds that pull too much weight in the company. Please reconcile these issues before proceeding.
* Do you accept the Management Strategy? (provide explanation)

Opening the task will direct you to the Management Plan Response tab for the Conflict Match. From here, you can view the Covered Person’s response to the Management Strategies and further process the Conflict Match.

Conflict Resolutions

Based on the Covered Person’s response, you will have three options to further process the Conflict Match; (1) you can close the match, (2) keep it open for your further review, or (3) indicate it must be reviewed again.

Conflict Resolution ?

Status Conflict: Yes it can be closed No still in progress No must be reviewed again

Closing the Match

If the response to the Management Plan is adequate, select the option, “Yes it can be closed.” After selecting this process and clicking the **Process Response from COI Response** button on this page, the system will close out the Conflict Match and indicate in the system’s COI logic that this Covered Person has his or her conflicts approved until the next Annual COI due date. Once you complete a Conflict Match, it will be locked down from editing.

Open Processing

As long as you are reviewing a response, your response on this page should always be “No still in progress.” This tells the system that you are not finished processing the current round of the Conflict Match. The Conflict Match will remain open and the system will keep the Covered Person’s Conflict Match status as “in-process” with the COI Office.

Further Review

If the response to the Management plan indicates that this Conflict Match needs another review round, select, “No must be reviewed again.” When you set this process and save the page, the screen will refresh and bump you to the Match Summary page.

My Workspaces ▼ Covered Person: Administrator
 Match Object Number: 000326 Conflict of Interest **Match Review for Covered Person Administrator** [Back](#)
 Review Round Number: 3

Match Summary	List of Match Object(s) for Review	
Internal Documents	Interest 1	Interest 2
Review Assignment	<p>Show Form:  </p> <p>Covered Person's Name: Administrator</p> <p>Reported Interest Type: Financial Interest</p> <p>Reported Interest Third Party: 3-M Pharmaceuticals</p> <p>Business Status: In Database, not white- or blacklisted, Subrecipient</p> <p>Reported Role: KDM - Not a Board Member</p> <p>Reporting Action: Individual Annual Reporting Form</p> <p>Date Submitted: 05/16/2019 11:28:40 AM PDT</p> <p>Interest Ref Number: 000636</p>	<p>Show Form: N/A</p> <p>Covered Person's Name: General Hospital</p> <p>Reported Interest Type: Financial Interest</p> <p>Reported Interest Third Party: 3-M Pharmaceuticals</p> <p>Reported Role:</p> <p>Reporting Action: Project Application</p> <p>Date Submitted: 12/13/2018 10:57:50 PM PST</p> <p>Interest Ref Number: 000358</p> <p>Protocol Number:</p> <p>Project Status:</p>

When you choose this option, the system flags the Covered Person as “still under review” with the COI Office. Also, at this time, round number 3 is created for this Conflict Match. Notice that in the screenshot above, in the top left corner, the value for Review Round Number has updated to “3.” Every time you process a Conflict Match and indicate that it must be reviewed again, a new round will generate, allowing you the chance for further processing.

From here, you would go to the Review Assignment tab and assign a new review process, whether that is to assign the match to a full board meeting, or have it expedited. You will go through the same steps listed in this document, as applicable, until the Conflict Match is approved, or denied completely.

Approving the Conflict Match

When you are ready to approve a Conflict Match, navigate to the Outcome tab.

My Workspaces ▼ Covered Person: Administrator

Your comments will populate to the right of the **Assignment Comments** link. These comments are specific to each user and will populate in the assignment when the user opens their task.

When the list is compiled and completed, select “Yes” in the, “Have you completed your selection of required routings?” field and click the **Save Routing List** button. The users assigned will receive your notifications and the tasks related to the assignment.

Internal Routing Complete Task

After assigning reviewers to a conflict match, you may exit the Conflict Match or continue processing. iRIS will send you an email and a corresponding home page task when all reviewers assigned have indicated their review is complete.

The task will populate under the Conflict of Interest tasks in the Internal Submission Routing Complete group.

Click to open	Task Type	Received	Description
☐	Internal Submission Routing Complete	08/23/2019 04:15 PM PDT	Internal submission routing review completed by Administrator

The group can be expanded by clicking on the yellow folder icon or on the Internal Submission Routing Complete link. When expanded, information about the Conflict Match will display. You can click on the **Open** icon to open the Conflict Match Processing screens.

Opening the task will direct you to the Internal Routing tab of the Conflict Match.

From here you can view the results of the previously assigned routing tasks and any comments added by the reviewers. You can also add to the routing list, if more users need to internally review this Conflict Match.
